

Changes for the Better

Digital Photo Technology

**CLICK LITE**

## High Quality Digital Photos in an Instant

Micro Lab solution for photo retail and professional photographers

### Cost effective solution

The Click Lite from Mitsubishi Electric is an easy to operate all in one digital micro lab solution that is ideal for photo retail and professional photographers.

### All in one system

The touch screen takes operators through easy step by step instructions and accepts all major digital media cards, USB, CD and DVD. It comes complete with Mitsubishi's CP9550DW-S dye sublimation printer that produces high quality durable photographs in a 3.5" x 6" up to 6" x 9" format. The Click Lite will allow for digital development, copy to copy, enlargements, decoration, index printing, calendars and photo restoration.
